I HEREBY DECLARE THAT I HAVE COMPLIED WITH & UNDERSTAND THE FOLLOWING:

- 1. I am the Owner or Owner's Agent of the animals described on this entry form.
- 2. The animals are not showing any signs of any disease or condition that may affect the safety of meat derived from them. The stock show no signs of any notifiable disease and come from a holding which has had no FMD susceptible animals onto it in the last 6 days.
- **3.** Livestock sold for human consumption comply with the requirements of the Food Safety Act 1990 and other applicable enactments.
- 4. No analysis of samples taken from animals on the holding or other samples has shown the animals in this consignment may be been exposed to any disease or condition that may affect the safety of meat or to substances likely to result in residues in meat.
- 5. All cattle are sold subject to Standard Conditions of Sale.
- **6.** The movement is in accordance with the General Licence Conditions.
- 7. All vehicles must be cleansed and disinfected prior to loading of stock. <u>Please use the market washout facilities to cleanse and disinfect</u> after you have unloaded your stock. <u>Please also use the footbaths and mats throughout the market</u> at all times.
- **8.** All stock comply with the Tuberculosis (England) Order 2007 and the holding is not under movement restriction for TB. Cattle on the holding are not under any movement restrictions for any other animal disease or public health reasons.
- 9. Frome Livestock Auctioneers Ltd as Auctioneers at Frome Market act as principals in all financial transactions. Sale proceeds are not paid into Client bank accounts and consequently the RICS Client Money Protection Scheme will not apply to the Vendor.
- 10. DECLARED INFORMATION: Please note Male is NOT sufficient information. You must declare whether male animals are either steers, bulls or rigs. We accept no responsibility for animals incorrectly entered as a result of insufficient information and/or lack of a fully completed entry form.
- 11. MEDICAL WITHDRAWAL PERIODS: Stock must not be offered for sale if they have not completed the specified withdrawal period from medical treatments, unless a statement is made to the contrary on this entry form. Withdrawal periods have been observed for all veterinary products administered to the animals while on this holding/previous holdings.
- **12. 6 DAY STAND STILL:** Movements must not take place from a holding where any cattle or sheep have been moved onto that premises in the last six days.

- 13. FARM ASSURANCE: To sell an animal as farm assured they must have been on a farm assured holding for a minimum of 90 days prior to the date of sale. Farm assurance certification is linked to all the holdings that an animal has been on in the last 90 days. If any holding in the last 90 days is not farm assured, the animal is classified as non assured. All holding numbers that your stock will use must either be linked to your farm assurance number or have a farm assurance number in their own right. Please affix a valid farm assurance sticker on your entry form. NO STICKER = SOLD AS NON ASSURED.
- 14. NAMED SIRES: Stringent measures are now in force, specifically DNA testing, when animals enter rearing units and/or at the point of slaughter to check that they are by the registered sire provided. If you run a number of registered bulls of the same breed, please make sure you specify either which bull sired which animal or provide all possibilities on your entry form. If you run a number of bulls of different breeds, we advise either keeping the bulls separate or DNA testing the calves to make sure the correct breed and sire is selected at time of registration. If at point of sale you are not 100% sure, DO NOT sell your animal(s) with a registered sire. There will be financial penalties if the sire declared proves to be incorrect.
- 15. EAR TAG REQUIREMENTS: All cattle and calves MUST have two complete ear tags prior to leaving the farm and be accompanied with a full passport to match. It is illegal to move any cattle without this correct identification in place. If you are unable to tag an animal, please contact Trading Standards prior to sending your animal as they may grant you a dispensation in exceptional circumstances. The market is NOT allowed to tag any animal regardless of the circumstances.
- 16. CORRECT DETAILS ON PASSPORTS: It is very important to have the correct details, particularly gender, on all passports. Please check all passport details and officially amend any errors through BCMS prior to sale. Please do not make any amendments/alterations by hand on the passport <u>under any circumstances</u>.
- 17. WEST COUNTRY PGI: If any animals detailed on this entry form comply with the West Country PGI requirements, please complete and sign the PGI declaration form available on our website. For further information please visit www.westcountrybeefandlamb.org.uk.
