

SHEEP EID REQUIREMENTS:

BORN AFTER 01.01.10 – Must be double tagged (1 x electronic) except those intended for slaughter within 12 months of age. It is recommended these are identified with a single electronic slaughter tag which just displays the flock number.

BORN AFTER 11.01.08 – Must be double tagged (or single tagged & tattooed) if they live beyond 12 months. If they are still on the holding of birth they must be double tagged with a duplicate of the existing tag. If not on the holding of birth they must be double tagged either with a duplicate of the existing tag or with two of the keeper's own tags.

BORN BEFORE 11.01.08 – Those already individually tagged do not need any further tags. Those identified but not with an individual ID must be double tagged with an individual ID if on the holding of birth. If not on the holding of birth they must be double tagged with a red "R" and any re-identification including the original flock mark or other ID must be recorded on the flock register. Older animals on the holding of birth with no ear tags must be double tagged with an individual ID. Those not on the holding of birth with no ear tags must be double R-tagged (red) with an individual ID.

INDEMNITY CHARGE AS FROM 1ST MARCH 2020

15p (incl vat) Per head will be deducted from all Prime & Cull Sheep. This is to cover any rejected meat/condemned carcasses at abattoir. This is subject to the discretion of the Auctioneers.
