Chaplain's Prayer

Dear Lord God. All of our Farming relies on the good earth! Help us to take care of it, to cherish and nurture it, so that it remains in fine fettle to pass on to the next generation. Thank you for our farmers, and all those who serve farming; the machinery suppliers, feed manufacturers, vets, markets, insurance and financial etc. We pray that those farmers struggling in any areas of their lives will courageously seek help when needed

Here are the contact details you need if you'd like to chat about anything worrying you: Farming community network (FCN) 03000 111 999; or help@fcn.org.uk; RABI free helpline 0808 281 9490; Samaritans 365 days a year 116 123 jo@samaritans.org It's Good News on the Agri-climate front! 👍 DEFRA(27.10.22) report 1. All Agricultural green house gas emissions decreased between 1990-2020(16%) 2. In same period emission intensity from cattle, dairy, pigs decreased. For sheep they remained same.3. DEFRA farm practices survey indicated 64% farmers thought it important to consider GHG when making farming business decisions. 29% considered it wasn't important! 7% hadn't an opinion...I attended a Big FCN gathering at the Cheltenham racecourse last Wednesday. FCN is in fine fettle and expanding with ideas to help farming all the time! I feel proud to be a member of this fine organisation 😊 Take care and May God Bless you in all you do!
