CULL COWS (50) Beef to 220.50p/kg Dairy to 176.50p/kg**AUCTIONEER: GREG RIDOUT 07817 517467 Start 12.30pm**

With numbers remaining tight nationally, the barren cow trade is quite exceptional. New market records with commercial barren cows to £1999.28 for E M Horn & Son's Limousin and 220.5p/kg for Des Beatty's Charolais cow.

All types wanted with plenty of non-assured cattle trading over 170+p/kg. Pat Apsey's non-assured Limousin to 184.50p/kg or £1668. Blues from Morton Farm Partnership trading at just shy of 200p/kg and to £1546, with others from M Webber to 186.6p/kg, 183.5p/kg and 182.5ppk. Simmentals from S Taylor to 193.5p/kg or £1374 who also had top price Hereford at 190.5p/kg or £1415.

Dairy types were variable as you would expect for those coming out of the parlour in January, from hard working Holstein Friesians to those which have benefitted from the TMR! No real best types forward, but plenty of cows trading upwards of 160p/kg to top at 176.5p/kg (£1398) for Holstein Friesians from C G Pulsford & Partners and British Friesians from 172.5p/kg (£1204).

All in the cows averaged just under 170p/kg, including all those lighter framed Cross Bred Dairy types and very plain outwintered cattle.

Vaccinations: Whole herd vaccinations to regular youngstock vaccinating, reminders, deliveries, and administration.

Scoring: Mobility, Condition, Rumen: Our VetTech is a ROMS trained mobility scorer, providing you with a clear and simple report helping to improve herd health and meet the increasing standards demanded by Red Tractor and many milk contracts. Each report shows the progress since the last assessment and problem cows are clearly identified for treatment if required.

Kate Scott-Dalglish Our
New VetTech

Calf Routines: are new services we are offering for youngstock. These include growth checks/calf weighing, disbudding, vaccinations, colostrum immunity testing and reports. These routines ease your workload and ensure youngstock are getting quality and regular care, keeping every animal up to date with disbudding and vaccinations and taking the pressure off you. You can make use of these services at a frequency that works for your farm e.g. weekly, fortnightly or monthly.

Fly control: We have a new way to deal with the pesky flies that drive us all mad every year. Clover Friendly Flies are pteromalid wasps, also known as fly parasites. They attack fly larvae, reducing the number of larvae that turn in to flies. This is a sustainable approach to fly control, leading to less fly treatment being needed for your animals and in the parlour.

Small Holder Services: We are offering full detailed health calendars and services to help our smallholders stay on top of routine treatments, such as hoof care, vaccinations, faecal egg counts, worming and much more. Our VetTech will provide regular reminders for routine interventions and can attend your holding to give any help needed in administering treatment.

Samples: Our VetTech is trained to collect a variety of samples for diagnostic testing e.g.

Faecal egg counts, bloods, milk samples for disease identification and will issue reminders for routine testing.

Anything else?

Or if you just need extra hand for few hours, whether that is needing extra labour for your tb test, vaccinating, or even just getting sheep in from the field ready for lambing, give us a shout and we might be able to help. It can save you paying someone for all day or if you're struggling for staff.

Particularly, we remember those within our own Farming Community who are living with tensions and dis-ease and finding life especially difficult to cope with. STEERS TO £1640

HEIFERS TO £1305

A smaller entry selling to an unbelievably faster trade.

This is the time to sell!

SUCKLER COWS & CALVES

Only one set forward this week but what a trade. Super young Simmental cow with 3mo heifer calf from CW Gould raced away to top at £2020! More needed after the Candelmas Sales have been completed.

FEEDING COWS

Excellent prices for the feeding cows and inline with the Wednesday trade. Plainer cows to £700 and and thicker Blues easily to £1100.

CONTINENTAL

Trade quite remarkable throughout the sale. Not enough younger suckled types to go around but all so desperately wanted. Quality Limousin home bred suckled 8 – 12mo steers and heifers from regular vendor Will Stitch produced tremendous bidding with steers at £1075 and heifers at £1005. Cracking 11-13mo suckled Charolais steers from David & Liz Brimble & family commanded strong bidding to £1095 with 17mo steers and heifers from the same home saw prices at tremendous levels to £1212 and £1080 respectively. Dairy crosses saw Blue x steers 15mo from Stonemark at £900 while 11mo Blue x steers out of crossbred cows from DIVA (Sherborne) Ltd settled at £758. Plenty of Dairy x Blue heifers 18-19mo well over £900 peaking at £950 from D & P Yeatman. It was a day for the Blues as we saw an excellent consignment from IW Lane & Sons. Although not farm assured their 24mo steers had an amazing trade with best to £1585 and often over £1300. Similar aged heifers peaked at £1300. Buyers really keen on these good conformation types. Hard out lying Blue x once again from Evershot Farms were very easily sold 20mo at £1045 for steers and £925 for heifers. More quality Dorset cattle coming from VL Vincent & Son and although over 40mo their Limousin steers topped the sale at an impressive £1640. Simmental heifers from the same home at £1150. Thicker better fleshed Blue x heifers were presented by regular supporters PW CC & JC Gould which all had top prices at £1300. Overall, an outstanding trade with quite unbelievable demand.

ANGUS & HEREFORD

Some real quality sorts forward with 20mo Angus steers from the Lane family of Norton Malreward topped at £1235, with others from the same stable at £1232. Harder types to £1180 from S Beach of Bridgwater with 21mo growing steers rocking to £1120 from BW & GJ Gray and £1100 from VL Vincent & Son. 19mo Hereford steers flying to £1030 from BW & GJ Gray. A larger number of Angus heifers forward with some real fleshed types forward. Best heifers rocking to £1222 from the Gould family with others to £1220 from RC Few & Son. Other 25mo fleshed heifers flew to £1175 from Tim & Looby Hiscock and £1080 from BWJ Cooke & Son of Yeovil. Cracking suckler bred steers sold to £900 from DR & EA Brimble, with Dairy bred steers sold to £800 from DIVA (Sherborne) Ltd and £790 from A James of Wimborne. Dairy bred heifers to £570 from DIVA.

FRIESIAN

Fewer Friesians forward but best steers flew to £1050 from the Gould family of Norton Ferris who had others at £1045. Best Friesian heifers to £1095 from Evershot Farms Ltd who had others at £965. Yearling steers rocked to £758 from DIVA Ltd with others to £678.
