WEDNESDAY 1st NOVEMBER 2023

The pig section continues from strength to strength at Frome with 325 pigs forward and sold with consignments from across the country. Prime cattle and prime lambs very much wanted again this week and a reasonable trade for cull cows considering the over supply and low demand nationally.

Calves selling to competition each week with 189 forward and sold. Please see notes on vet attestation requirements from non-assured stock on next page.

IMPORTANT CHANGES TO LEGISLATION – PLEASE READ

VETERINARY ATTESTATIONS – EFFECTIVE 13TH DECEMBER 2023

What is Changing?

Changes in EU legislation, as from **13th December 2023**, will require all producers selling **livestock for slaughter** to have had an **annual on-farm veterinary visit** to allow their animals, and/or part of any animal, to be exported out of the UK. Up until now, a farmer declaration has satisfied the requirements, however from 13th December 2023, producers will require a Veterinary Attestation. This will certify that an annual on-farm visit has taken place to verify the absence of notifiable diseases and provide general advice on farm biosecurity, meeting EU requirements. The Vet will provide the producer with a unique Veterinary Attestation Number, known as a “VAN” within their certificate.

What is the “VAN” number?

The Veterinary Attestation Number, known as “VAN”, is a unique reference number provided by Vets to producers within their Veterinary Attestation certificate to certify that an annual on-farm visit has taken place. A VAN number is valid for 12 months. This information will need to be provided to livestock markets, and onwards to buyers, for livestock sold for slaughter. The VAN number is made up of 20 digits as follows, including the Vets RCVS number, the CPH number the VAN corresponds to, and expiry date. For example: **1234567-12/345/6789-0624** [*MRCVS number*]-[*CPH number*]-[*Valid to the end of June 2024*].

What will you need to do?

If you are a member of a **qualifying assurance scheme (Red Tractor Assurance)** then you do not need to do anything as a **VAN number is not required**.

If you are **not Farm Assured**, you will need to provide the auctioneers with your VAN number prior to, or on arrival at the market.

For **sheep**, this will be included on an updated official sheep movement form.

For **cattle**, we will provide an updated cattle entry form to include a place to write your VAN number if necessary.

For **pigs**, the digital eAML2 form has been updated to accommodate the VAN number. Please note that the above will include **Prime, cull and store stock** as some forward store stock goes to slaughter from store markets.

We will take a note of your **VAN number** on our market system and **this will be valid for 12 months**. VAN templates can be collected from the market office or found here:

AUCTIONEER: TREVOR ROWLAND 07968 480401

Calved Cows £930

The recent bad weather having an effect on general demand this week. Not the highest quality forward but all genuine good sorts which will do purchasers well. Jersey x September calved heifers £680, while 4th lactation September calved Holsteins to £930. Dry 4th and 5th December due Holsteins to £850.

PIGS (325) Start 10.15am

AUCTIONEER: WILL WALLIS 07833 453482

Another large entry forward with a good number of buyers and sellers in attendance. Trade easier for all pigs in line with other markets and deadweight prices.

FAT PIGS (121)

Trade slightly easier with a number of plainer sows and boars forward this week. Best to £236, £230 & £212 from PB Weeks. Medium weights to £200 twice for Potticks Pigs & JM Strong. Other coloured medium weights to £198 & £190 for S Vickery and £195 for I Partridge. Not many lights forward with a lovely run of porkers from N Legge of Herefordshire to £186 & £176.

STORE PIGS (65)

A nice entry of stores forward with trade for the best still strong. Smart 10w/o weaners to £44 from K Mitchell of Hermitage. Other white weaners to £48 from M Webber. Younger large black weaners to £31 from PG Snell.

CULL SOWS & BOARS (139)

Trade slightly easier in line with other reports. Best to £300 x 7 from Mr C Down. Others to £235 from Durnell & Son, £230 from J Jones and £220 from S Tucker. Overall average £186.06

STEERS TO £1600 HEIFERS TO £1565

A good number of cattle forward and sold this week to a competitive trade very much reflective of the cattle on show. Forward steers no dearer with some of the plainer, colder types selling to a price. Cattle with shape and cover selling well again and very much in demand. Younger cattle selling to a two-tier trade with the well grown for age and fed sorts in demand. However harder done types easing in value.

COWS & CALVES

Several cows and calves forward as winter approaches. Trade very firm but obviously the down turn in the cull base price has had a knock on effect. Quality types were well sold and good Hereford x young cows with forward Blue calves peaked at £1460 with others at £1060. Super Charolais from CG Young were in firm demand and topped at £1600 while Stabilisers regularly £1100 - £1120. Quite a selection of grazing cows through the ring and best Angus easily to £1120. More feeding sorts £750 - £900.

YOUNG CONTINENTAL

A few less men around the ring but plenty of trade for those better types and more good single suckled could have been well sold. OJ Nelmes again seeing their Limousin 7-8mo steers from £900 - £950 and heifers to £790. A wonderful consignment presented by PF Best & Son, Wareham . These grand sorts were eagerly sought and Limousin steers 10mo peaked at £1000 and regularly £900 - £950. Limousin heifers 9mo to £750. Simmental x steers 9mo from the same good home easily to £910. Top spot today went to long time supporter Laura Bodman who produced some quite outstanding Limousin, her 15-16mo steers blasted away to £1400 and £1495. Smart Limousin 11mo heifers from young farmer Will Hendy saw good bidding at £885. Only one 12mo Simmental steer from Mrs Andrew but a super beast topping at £1040. Dairy bred Continental selling to firm levels but buyers selective, nice 13mo Blue steers from the Chidley family saw steers at £770 and heifers to £690.

ANGUS

Demand still strong for Angus, particularly the well bred and shorter term cattle with bare frames lessening value as the weather turns and yards are filling up however still looking well sold. Angus steers with strength and cover reached £1595 from MF Green at 21mo with others to £1445. Similar quality from V Harris to £1440 (18mo). A cracking run of Angus from Town Hill Farming Partnership were bid to £1370 for 25mo steers and £1295. Angus steers with shape and potential to £1310 for 17mo from V Harris and £1300 from S & H Webb.

Heifers sailed to £1325 for 24mo from IW Lane & Sons and £1290 from Town Hill Farming Partnership and the same price from S & H Webb. Younger Angus steers to £1102 from K & PA Moorse. A cracking consignment of 120 cattle from Rolf Park Farms were well bid for with 12-14mo steers to £845 and a pen of 9 steers to £780 for 11mo. Heifers from the same good home to £640 for 11-13mo. Older types from the same consignment to £900 for 18mo.

HEREFORD

Good numbers of Herefords forward and a particularly lively trade for the more forward and strong feeding types. As the finish price remains high there was good demand for replacements. Big numbers over £1100 and plenty of steers over £1200. PA & RJ Stranger & Sons supporting once again this week with some super well grown well shaped cattle. There bunches of steers £1345, £1335 closely followed by R & J Tibbs to £1290 and RJ Phillips & Sons to £1170. Strong thick heifers had a cracking day and wanted for the local butcher's trade. Top sorts from LP Shackell & Son to a marvellous £1440 and £1210 and David Green & family to £1245. Younger Herefords more scarce however, Bradbury House Ltd produced quality 15mo steers at £1100 and £1090. More medium aged Herefords

out of Friesian type cows from the Gay family produced active bidding to £970. Overall a good show of well shaped Herefords on offer this week.

FRIESIAN

Friesians selling to a buoyant trade dependant on size and potential to gain finish. Large framed types reached £1065 for 26mo steers and heifers to £1115 for the same age. Younger sorts to £658 for 14mo British sorts. Similar bred Friesians steers from KJ Withers to £800 for 24mo and £735 for 12-13mo with good shape.

FORWARD CONTINENTAL

Forward Continentals with strength and cover selling to competition with the best shaped steers topping at £1600 for a super British Blue x Steer at 23mo. An excellent consignment of suckler bred steers from PJ & A Boulton reached £1545 for Limousin x at 19mo and Blonde steers from LHE Loder & Son reaching £1520. Simmental x steers from W Green & Sons to £1445 and British Blue x to £1435 for 22mo and £1410 for 25mo. British Blue x steers with shape and growth from RG Kingman & Son to £1345 and £1270 from RJ Phillips. Heifers topping again from S & H Webb at £1565 for 24mo British Blue x and £1470 from CG Pulsford & Partners. Smart Limousin heifers from PJ & A Boulton hit £1450 for 19mo with others to £1350. British Blue x heifers to £1395 from IW Lane & Sons to £1295 and £1265 from NB Toop.

FARMING IN PROTECTED LANDSCAPES

A FUNDING PROGRAMME FOR FARMERS & LANDOWNERS

Open for applications until January 2025

DO YOU HAVE A GREAT IDEA ?

- Promoting connectivity between habitats -
- Increasing in farm biodiversity - Actions to improve soil health -
- Creating wetlands to support a variety of wildlife and reduce flood risk -
- Help the public develop skills in land management -
- Creating walks providing new access opportunities -
- Innovative equipment or farm practices to transition towards regenerative agriculture -

FUNDING AWARDED

£1,000 to £150K

Cranborne Chase AONB administers this Defra funded programme. Farming in Protected Landscapes runs until the end of March 2025 and is part of Defra's Agricultural Transition Plan.

Cranborne Chase
Area of Outstanding
Natural Beauty

Please have a look at the Farming in Protected Landscapes pages for further information.

www.cranbornechase.org.uk

Your project must meet **at least one** of the outcomes listed below and at least **one of the objectives** of the Cranborne Chase AONB Management Plan. Scan here to view.

CLIMATE

- More carbon is stored and/or sequestered
- Flood risk is reduced
- Farmers, land managers and the public better understand what different habitats and land uses can store carbon and reduce carbon emissions
- The landscape is more resilient to climate change

PEOPLE

- There are more opportunities for people to explore, enjoy and understand the landscape
- There are more opportunities for more diverse audiences to explore, enjoy and understand the landscape
- There is greater public engagement in land management, such as through volunteering
- Farmers and land managers feel increasingly comfortable with providing public goods

NATURE

- There is a greater area of habitat improved for biodiversity
- There is an increase in biodiversity
- There is greater connectivity between habitats
- Existing habitat is better managed

PLACE

- The quality and character of the landscape is reinforced or enhanced
- Historic structures and features are conserved, enhanced or interpreted more effectively
- There is an increase in farm business resilience (you must deliver this equally balanced with other outcomes)

Applications for over £10,000 will be judged by a Local Assessment Panel. The Panel of 8 to 12 people includes representatives from Cranborne Chase AONB, Natural England and the farming and land management community as well as local specialists. The panel meets every 6 to 8 weeks. Applications for less than £10,000 are decided upon by a senior member of the AONB team (who has no prior knowledge of the project). **All projects are to be completed by 31st March 2025.**

Quotes must be received for each element of work in every application where Countryside Stewardship rates or rates from other agricultural support streams do not apply.
