## **FARM ASSURANCE**

**CAN WE PLEASE ASK ALL FARM ASSURED VENDORS THAT  
THE ASSURANCE STICKER ATTACHED TO YOUR ENTRY  
FORM IS UP TO DATE**

## **IMPORTANT CHANGES TO LEGISLATION – PLEASE READ**

### **VETERINARY ATTESTATIONS – EFFECTIVE 13<sup>TH</sup> DECEMBER 2023**

#### **What is Changing?**

Changes in EU legislation, as from **13th December 2023**, will require all producers selling **livestock for slaughter** to have had an **annual on-farm veterinary visit** to allow their animals, and/or part of any animal, to be exported out of the UK. From 13th December 2023, producers will require a Veterinary Attestation. This will certify that an annual on-farm visit has taken place to verify the absence of notifiable diseases and provide general advice on farm biosecurity, meeting EU requirements. The Vet will provide the producer with a unique Veterinary Attestation Number, known as a “VAN” within their certificate.

#### **What is the “VAN” number?**

The Veterinary Attestation Number, known as “VAN”, is a unique reference number provided by Vets to producers within their Veterinary Attestation certificate to certify that an annual on-farm visit has taken place. A VAN number is valid for 12 months. This information will need to be provided to livestock markets, and onwards to buyers, for livestock sold for slaughter. The VAN number is made up of 20 digits as follows, including the Vets RCVS number, the CPH number the VAN corresponds to, and expiry date. For example: **1234567-12/345/6789-0624** [MRCVS number]-[CPH number]-[Valid to the end of June 2024].

#### **What will you need to do?**

If you are a member of a **qualifying assurance scheme (Red Tractor Assurance)** then you do not need to do anything as a **VAN number is not required**.

If you are **not Farm Assured**, you will need to provide the auctioneers with your VAN number prior to, or on arrival at the market.

For **sheep**, this will be included on an updated official sheep movement form.

For **cattle**, we will provide an updated cattle entry form to include a place to write your VAN number if necessary.

For **pigs**, the digital eAML2 form has been updated to accommodate the VAN number. Please note that the above will include **Prime, cull and store stock** as some forward store stock goes to slaughter from store markets.

We will take a note of your **VAN number** on our market system and **this will be valid for 12 months**. VAN templates can be collected from the market office or found here:

**For any enquiries, please contact your local vet or a member of the team at Frome Market.**

**SHEEP (1108) Start 10.30am****AUCTIONEER: ROSS WHITCOMBE 07815 985 737****PRIME LAMBS (633) Max 318p/kg £140**

A super entry of lambs which on the whole consisted of meat! Those fed lambs were well rewarded today, topping at 318p/kg and £140 from AR & SE Thayer and £150 from NF Clothier & sons. Overall average of 261p/kg being achieved. Light lambs flying to 268p/kg and £104.50 from Alan Atkey, IOW. Handy weights to 318p/kg and £140 from AR & SE Thayer. Best heavies to 301p/kg and £141 from Clive Peach. Over weights more difficult but still rocking to £150 from NF Clothier & Sons. More lambs required for the lead up to Christmas and don't forget we are open on the 27<sup>th</sup> December; lambs will still be wanted.

**CULL EWES (132) Max £112**

A neat entry of ewes which sold to an easier trade on the week. Best sorts to £112 from EA & JA Hiscock Ltd with Texel rams to £90 from NF Clothier & Son. Harder work for the plainer ewes with less men looking to graze ewes with weather now affecting grass and turnips.

**STORE LAMBS (343) Max £98.50**

A cracking entry of over 350 store lambs. I would personally say today is one of the dearest weeks of the season for store lambs here at Frome, with pen after pen of lambs over £90 with an average achieving £87.17. More store lambs needed each week to keep the buyers coming.

The panel meets every 6 to 8 weeks. Applications for less than £10,000 are decided upon by a senior member of the AONB team (who has no prior knowledge of the project). **All projects are to be completed by 31st March 2025.**

Quotes must be received for each element of work in every application where Countryside Stewardship rates or rates from other agricultural support streams do not apply.
