STEERS TO £1925 HEIFERS TO £1535

A remarkable day for Frome's second Candlemas making record prices with furious competitive bidding between the large company of buyers ringside.

YOUNG CONTINENTAL

What another exceptional day in Frome. Fewer younger suckled Continentals forward but trade was again quite outstanding. Many more could have been sold to an amazing attendance of buyers who were all desperate to buy these good quality types. The leaner well framed sorts commanded the strongest trade as they will suit an early turnout at the first opportunity. Generally, less numbers of Dairy x Continentals but those that were on offer sold to a blistering trade.

FRIESIAN

Friesians at Candlemas set the trade for the year and this year did not disappoint with framed, fleshed steers selling well over £1300 and good feeding types regularly over £1000. All grades are wanted with numbers still hard to find.

ANGUS & HEREFORD

Last week's massive trade pulled forward one of the best shows of Angus & Hereford cattle we have ever seen for our second Candlemas sale with Angus regularly selling over £1700 and Hereford over £1800 and topping at a record £1925. What a show of forward cattle attracted new buyers, thank you to all the vendors and buyers for making such a special day.

FORWARD CONTINENTAL

The second Candlemas sale of the season presented another tremendous show of well bred and reared Continentals making record prices with the best selling well over £1800 with fierce bidding for new northern buyers forcing prices to new levels. Quality always sells well with the amazing competitive bidding holding prices regularly over £3 per kilo. Future vendors encouraged to sell early season this year to take advantage of these prices.

Chaplain's Prayer

Psalm 4v8: 'In Peace I will both lie down and sleep;
for you alone O Lord, make me dwell in safety' More
haste, and Less speed is well worth considering when
safety on the farm is being talked about!? I know
from my own farming experience that on many
occasions I was fortunate to come out unscathed
from situations where perhaps more haste and less
speed should have been practiced!?

If you have children who have access to the
farm...then this is even more important!? Farms can
be dangerous places to work in for adults, let alone
children.....

Next week will mark the annual 'Mind your Head' campaign organised by
yellow wellies (the farm safety foundation) This is a campaign that aims to raise
awareness of and breakdown the stigma attached to poor mental health in
the Farming sector and recognise that we all have a role to play no matter
how big or small!? The **Farmwell** website continues to be an important resource
of the farming community for advice and information on Animal disease,
succession planning and **Health and Wellbeing**. We have leaflets with contacts
at the market or Log in to find out more at Farmwell@fcn.org.uk
Here are the usual numbers/email to ring or contact if you feel you need help...
farmers take great pride in being independent and resilientthey can find it
