Heavenly Father, As Farmers we humbly ask for your blessings on our fields, crops and businesses...May the seeds we have planted and will plant this Springtime grow well and flourish, so that the subsequent harvest be abundant! 🙏 Help us to tend our land with care for the environment, and protect our crops from pests and diseases 🙌🙏

VIRTUAL FENCING!?! I've spent many a happy hour doing this very important(manual) job on my farm, but virtual fencing could be the answer in areas like moor and heathland, to maintain unfettered public access and encourage unique flora and fauna in these areas! It involves GPS collars for the cattle and and (sheep) and an APP to create and manage the system..As cows approach they get an audio warning to MOOVE(!) away followed by a mild shock if they don't 😊 See more details on Cornish mutual.co.uk/cmfuturefarming/
