Chaplains Prayer

Creator God we praise you....for shows and societies, for staff and stewards, exhibitors and visitors, for trade stands and craft skills..the traditional and the innovative! For the celebration of farming, the countryside the people, the Livestock, the land; For knowledge and Wisdom, Technology and Science, We praise your holy name. For friendship and Business, **For Farming and Food**, for sharing, for laughter, for eating and drinking, for all we enjoy as we gather together **Creator God**, We praise your Holy Name....**AMEN!**..This week...We

We give thanks for all those involved in organising shows in what ever capacity and we pray for good weather conditions at Gillingham and Shaftesbury show this coming week! FCN are present at most of the shows for a friendly chat and listening ear! Do visit our stands!? More haste, and Less speed is well worth considering when **Safety on the farm** is being talked about!? I know from my own farming experience that on many occasions I was fortunate to come out unscathed from situations where perhaps more haste and less speed should have been practiced!?

If you have children who have access to the farm...then this is even more important!? Farms can be dangerous places to work in for adults, let alone children.....

The 'Mind your Head' campaign organised by **Yellow Wellies** (the farm safety foundation)This is a campaign that aims to raise awareness of and breakdown the stigma attached to poor mental health and **safety** in the Farming sector and recognise that we **ALL** have a role to play no matter how big or small!? The **Farmwell** website continues to be an important resource of the farming community for advice and information on Animal disease, succession planning and **Health and Wellbeing**. We have leaflets with contacts at the market or Log in to find out more at Farmwell@fcn.org.uk **The Farm 24 Campaign** which was all over the press put focus on a day in the life of farmers. It was helping to celebrate British Agriculture! All my non farm friends thought the coverage was very well done! They certainly know about the struggles they've all had with the weather this season and the other many and various problems we face on a daily and ongoing basis.

The £150m capital grants schemes now come to an end, and 8000 farming businesses have benefitted...It will support a wide range of on -farm improvements. 🙌👍

Here are the usual numbers/email to ring or contact if you feel you need help... farmers take great pride in being independent and resilientthey can find it hard to admit that things are getting too much 😊
