AUCTIONEER: TREVOR ROWLAND 07968 480401 Start 12.30pm

A few less cows than anticipated but nevertheless close to 40 penned for sale. There were a good sample of fleshed cows forward which produced strong competition throughout the sale. A wonderful consignment of deep bodied export and steaking black and white cows from RL Clapp & Sons sold in excess of £2100 on no less than 11 occasions peaking at an excellent £2600! Most well fleshed heavy export cows 270-280p/pk topping at 291.5p/kg for a super Beef Shorthorn from Alistair Hammond. Other beef breeds selling well with thick Hereford x from the Woodward family at 279.5p/kg. Young feeding cows generally 200-220p/kg with a few older feeding sorts 180-200p/kg. Plainer older cows mainly black and white 150-170p/kg. Not too many boners this week but a firm trade 125-150p/kg for those on offer. Overall, I felt trade a little firmer on the week with definitely demand for the dried-up meat types.

Thanks to all who supported this section today.

Tree planting is getting a lot of farming press isn't it!? Whilst the principle is laudable there are not (as yet)the details available and problems such as the shortage of foresters and supporting finance etc. Also, We cannot end up losing productive farmland and reducing climate friendly food production which will only increase our reliance on imports from countries with much lower environmental credentials!?

Recreational based activities are, as ever popular though!? I must get half a dozen ask me every year if I can sell them some land to plant trees on!?

Our National NFU has been busy as usual on our behalf! Our President got an assurance from the Prime Minister re animal imports and trade in meat products that our food **Safety Welfare and Hygiene Standards** would **Not be compromised** within any Trade agreements!
