**AUCTIONEER: TREVOR ROWLAND 07968 480401 Start 12.30pm**

A few less cows than anticipated but nevertheless close to 40 penned for sale. There were a good sample of fleshed cows forward which produced strong competition throughout the sale. A wonderful consignment of deep bodied export and steaking black and white cows from RL Clapp & Sons sold in excess of £2100 on no less than 11 occasions peaking at an excellent £2600! Most well fleshed heavy export cows 270-280p/pk topping at 291.5p/kg for a super Beef Shorthorn from Alistair Hammond. Other beef breeds selling well with thick Hereford x from the Woodward family at 279.5p/kg. Young feeding cows generally 200-220p/kg with a few older feeding sorts 180-200p/kg. Plainer older cows mainly black and white 150-170p/kg. Not too many boners this week but a firm trade 125-150p/kg for those on offer. Overall, I felt trade a little firmer on the week with definitely demand for the dried-up meat types.

Thanks to all who supported this section today.

“Generous God, fill our hearts with Thanksgiving for all the Blessings we receive on a daily basis. Expand our hearts and help us to be sensitive to the needs of our neighbours, to love and support them too as if they were family!! “

You may need help yourself. If so here's useful numbers and organisations that will help you in your time of need!?

Samaritans call 116 123 All three organisations are non judgemental and confidential.

Tree planting is getting a lot of farming press isn't it!? Whilst the principle is laudable there are not (as yet)the details available and problems such as the shortage of foresters and supporting finance etc. Also, We cannot end up losing productive farmland and reducing climate friendly food production which will only increase our reliance on imports from countries with much lower environmental credentials!?

Recreational based activities are, as ever popular though!? I must get half a dozen ask me every year if I can sell them some land to plant trees on!?

Our National NFU has been busy as usual on our behalf! Our President got an assurance from the Prime Minister re animal imports and trade in meat products that our food **Safety Welfare and Hygiene Standards** would **Not be compromised** within any Trade agreements! We are to be proud of what we have achieved in this area.

As I write (25/8) We still have not had appreciable amount of rain at all!

We **Pray for Rain** (in forecast this week) The grain harvest on most farms is almost complete.

‘Heavenly Father, we humbly ask for the rain we desperately need to refresh the earth and sustain life! Please send the rain that brings **Hope and Life to the Land**’ 🙏

Teaching our children about food production is so important! During British Science week 1600 schools took part, and learned first hand from those that grow food how important core classroom science topics are across Agriculture. To be more communicable to children, the YFC ambassadors were involved with this teaching. Find out more at [education.nfuonline](http://education.nfuonline)

Blessings and encouragement to you all, until we meet again, God Willing 🙌🙏
