## Chaplains Prayer

Merciful God, we entrust to your tender care those who are ill or in pain, knowing that whenever danger threatens, your everlasting arms are there to hold us safe ❤️ Comfort and heal all those ill, in pain or fearful, and Restore them to health and strength; through Jesus Christ our Lord Amen 🙏

Blessed are you, Lord God of All Creation! For your abundant care...You have given us fertile land, rich soil, the seasons in their courses! You provide seed for sowing, water, light, and warmth to bring forth the miracle of growth. You give us the skills to work the land, to prepare and nourish it, so that it may be fruitful! By your Blessing let all the machinery and equipment at our disposal be a sign of all that you promise to us. Please keep us safe using it... Prosper the work of our hands as we prepare the ground over this Autumn period for the seed that will provide the nation with food this year! Amen 🙏🙏

Back in 2023 in Birmingham, the organisers teamed up with Farming Help Charities FCN, The Addington fund, forage aid to run a survey about people's awareness of the charities ie why people speak to them, and what obstacles may be preventing them from doing so? It also asked farmers to highlight what they are most proud about their Agricultural industry...500 filled in a survey: 7/10 farmers said they would ask a charity for help if they felt they needed it(but it's the remaining 30% that worries me) Here are some comments made by farming folk on the survey: " innovation, support network, community, collaboration. Humble people keeping their heads down and working hard for the benefit of others!" "Resilience, reliability and determination to be best at producing food " The Heritage, Professionalism, commitment and determination of the families involved and working closely with Nature" "We are the backbone of the UK, we support the whole nation and give our very best to everyone in the form of food for both Vegetarian and Meat products"! Now here in late 2025 these same agencies are even more important as ever to our farmers! So there's alot of justifiably proud farmers out there!!? Please bear in mind, that not all are thinking positively about the present...or the future 😞 Here are the numbers and contact information for anyone needing a helping hand or just someone to listen to their problems?
