Vaccinations: Whole herd vaccinations to regular youngstock vaccinating, reminders, deliveries, and administration.

Scoring: Mobility, Condition, Rumen: Our VetTech is a ROMS trained mobility scorer, providing you with a clear and simple report helping to improve herd health and meet the increasing standards demanded by Red Tractor and many milk contracts. Each report shows the progress since the last assessment and problem cows are clearly identified for treatment if required.

Jade Scott-Dalglish Our
New VetTech

Calf Routines: are new services we are offering for youngstock. These include growth checks/calf weighing, disbudding, vaccinations, colostrum immunity testing and reports. These routines ease your workload and ensure youngstock are getting quality and regular care, keeping every animal up to date with disbudding and vaccinations and taking the pressure off you. You can make use of these services at a frequency that works for your farm e.g. weekly, fortnightly or monthly.

Fly control: We have a new way to deal with the pesky flies that drive us all mad every year. Clover Friendly Flies are pteromalid wasps, also known as fly parasites. They attack fly larvae,

reducing the number of larvae that turn in to flies. This is a sustainable approach to fly control, leading to less fly treatment being needed for your animals and in the parlour.

Small Holder Services: We are offering full detailed health calendars and services to help our smallholders stay on top of routine treatments, such as hoof care, vaccinations, faecal egg counts, worming and much more. Our VetTech will provide regular reminders for routine interventions and can attend your holding to give any help needed in administering treatment.

Samples: Our VetTech is trained to collect a variety of samples for diagnostic testing e.g.

Faecal egg counts, bloods, milk samples for disease identification and will issue reminders for routine testing.

Anything else?

Or if you just need extra hand for few hours, whether that is needing extra labour for your tb test, vaccinating, or even just getting sheep in from the field ready for lambing, give us a shout and we might be able to help. It can save you paying someone for all day or if you're struggling for staff.

Chaplains Prayer

'How beautiful upon the mountains are the feet of the messenger who announces peace, who brings Good News, who announces Salvation! 🙏 **Isaiah 52:7**

Lord Jesus Master of both light and Darkness, Send your Holy Spirit upon our **Preparations for Christmas**, We who have so much to do and seek quiet spaces to hear your voice each day; We who are anxious over many things look forward to your coming among us. We who are blessed in so many ways long for the complete joy of your kingdom! We whose hearts are heavy seek the unsurpassing **Joy of your Presence and Light!** We are your people, walking in darkness, yet seeking that light. To you we say **"Come Lord Jesus, be right in the midst of our Christmas!"**

Christmas time is a bonanza for all those supplying food and drinks to the nation as well as exports! It also produces much more detritus which inevitably has to be environmentally disposed of!? 'Plastic free' is a global movement that's endeavouring to work towards a cleaner environment, promoting events like plastic clean-ups and avoiding single use plastics!? The top 4 being bags, water bottles, coffee cups and straws. 'God of life, we praise you for the beauty you have created for us and it's richness and variety, yet through greed and ignorance we taint your world with plastic waste and throw so much away. Make us more like Jesus treading carefully on our common home, mindful of the environment in which we all love!? Breathe your spirit on us that we may care more deeply for Mother Earth! We ask this through your Holy name Jesus Christ' Amen 🙏

Please support the newly opened Health Hub building at our Frome market... Remember small ailments can turn into worse very quickly if left and ignored!??

Sepsis is one of these! Here are signs to look out for: slurred speech, or confusion; shivering and muscle pain; passing no urine(during day) severe Breathlessness; mottled or discoloration of skin...So, Sepsis is not just caused by an infection whilst in hospital!? If in any doubt please pick up the phone, or visit your A&E without delay.....Here are numbers available to contact if you need help in any way... **Remember your neighbour as you would yourself....**
