A good number of sheep forward again this week with a slight lift in the trade. Prime cattle and cows in short supply with the price looking no dearer on the week but cows maybe a shade more. Calves and reared calves also in tight supply but a quite phenomenal trade.

CAN WE PLEASE REMIND ALL VENDORS THAT ANIMALS BEING BROUGHT TO MARKET ON A TUESDAY/THURSDAY FOR LAIRAGE MUST BE PRE-BOOKED

PRIME CATTLE to 357.5p/kg and £2281

AUCTIONEER: TREVOR ROWLAND 07968 480401 Start 12.30pm

UTM STEERS (15) Max. 339.5p/kg UTM HEIFERS (8) Max. 324.5p/kg

Rather like the cows the numbers are down this week but trade firmer than anticipated. Steers 320-360p/kg and looked better than the deadweight prices for this sale. Quality handy weight butchers steers were wanted and good Angus from S & R Stamp topped at 357.5p/kg and Limousins from ME & SE Wall to 355.5p/kg. A nice consignment of Blue steers from RH Wiltshire (30mo) 330-345p/kg. Heifers varied in quality this week with less 'R' grade than of late. More feeding heifers on offer this week 300-330p/kg. Thicker sorts 335-345p/kg. Overall more well fleshed butchers types are needed in this section.

Vaccinations: Whole herd vaccinations to regular youngstock vaccinating, reminders, deliveries, and administration.

Scoring: Mobility, Condition, Rumen: Our VetTech is a ROMS trained mobility scorer, providing you with a clear and simple report helping to improve herd health and meet the increasing standards demanded by Red Tractor and many milk contracts. Each report shows the progress since the last assessment and problem cows are clearly identified for treatment if required.

Calf Routines: are new services we are offering for youngstock. These include growth checks/calf weighing, disbudding, vaccinations, colostral immunity testing and reports. These routines ease your workload and ensure youngstock are getting quality and regular care, keeping every animal up to date with disbudding and vaccinations and taking the pressure off you. You can make use of these services at a frequency that works for your farm e.g. weekly, fortnightly or monthly.

Jude Scot-Delgleish Our
New VetTech

Fly control: We have a new way to deal with the pesky flies that drive us all mad every year. Clover Friendly Flies are pteromalid wasps, also known as fly parasites. They attack fly larvae, reducing the number of larvae that turn in to flies. This is a sustainable approach to fly control, leading to less fly treatment being needed for your animals and in the parlour.

Small Holder Services: We are offering full detailed health calendars and services to help our smallholders stay on top of routine treatments, such as hoof care, vaccinations, faecal egg counts, worming and much more. Our VetTech will provide regular reminders for routine interventions and can attend your holding to give any help needed in administering treatment.

Samples: Our VetTech is trained to collect a variety of samples for diagnostic testing e.g.

Faecal egg counts, bloods, milk samples for disease identification and will issue reminders for routine testing.

Anything else?

Or if you just need extra hand for few hours, whether that is needing extra labour for your tb test, vaccinating, or even just getting sheep in from the field ready for lambing, give us a shout and we might be able to help. It can save you paying someone for all day or if you're struggling for staff.

**FROME LIVESTOCK
AUCTIONEERS**

The advertisement features a wooden background with a red header. The header contains the text 'FROME MARKET CAFE' in large white letters and 'Open from 8am!' in a smaller, italicized white font. Below the header, there are two plates of food: one with two triangular pastries and another with a full English breakfast (sausage, bacon, mushrooms, tomatoes, hash brown, and a fried egg). To the right of the breakfast plate is a white mug filled with a yellow liquid, likely tea or coffee. In the bottom right corner, there is a circular logo for 'FROME LIVESTOCK AUCTIONEERS' with a stylized green and yellow graphic. The overall layout is clean and professional, designed to attract customers to the cafe and its associated auctioneers.

Chaplains Prayer

"As long as the earth endures, seedtime and harvest , cold and heat, summer and winter, day and night **Shall never cease....**" Genesis 8:22.

These are the certainties, as farmers, in fact all humanity has to accept, until the end of time! We are not alone though...**Trust God** that in what he has given you, he gives you the **Grace and the Strength and Courage** to use fruitfully! 😊

Farmers and people living in rural communities are being urged to look out for early signs of **Cancer** and get checked out if they have **Any Symptoms?** FCN and Macmillan Cancer Support launched '**Nipit in The Bud**' a while ago...a campaign designed to raise awareness. A lack of time or availability of services, particularly in more isolated rural areas can make it difficult to speak timely to a GP? **Earlier Diagnosis** will increase chances of it being cured and will mean less invasive treatment!?! **Nipit in the Bud** provides a range of resources for Agri- businesses, Ag colleges, YFCs and others to download . Some of these are focused on specific Cancers that farmers can be more at risk of developing...such as **Skin Cancer, Prostate or Lung Cancer** 😊 Please do visit the **Health Hub** at the market to see someone who can help or advise you!(**2nd and 4th Wednesdays**)

If you would like/need prayer or just someone to talk to in your difficulty...here are some contacts available all year round!?! ❤ **FCN 03000 111 999**, help@fcn.org.uk They will listen non judgementally and try to help you in your difficult situation ...**RABI 0800 188 4444** (financial support, practical care and guidance to farming people of all ages) **Open Mental Health 01823 276892**(24h day, 7days a week) **Samaritans 116 123**, jo@samaritans.org

You may have a 'gut instinct' that someone you know is not ok, or perhaps noticed change in their behaviour: Declining interest in their work, in personal appearance, catastrophic or negative thinking, withdrawal from social events, family and friends? Stress in the family i.e. finances, inheritance, Sleep difficulties, reliance on medication, alcohol or drugs, irrational thinking, such as continuous focusing on worst-case outcomes, difficulty in making decisions...both big and small?

Please don't ignore the signs! If they won't open up to you, maybe confide with someone who can help ❤

The APHA visit on the 28th went well! It was held after all in the area alongside the restaurant. They had a few appointed visits, but lots of walk-ins too! Thank you to Kate for allowing us to use the area...and everyone else involved.... especially Martin Hemmet who did the posters!

I can be reached on 07880770887..or at the market on Wednesdays .

Blessings to you all... Remember your neighbour as you would yourself 🙏 ❤ Neville Dyke(chaplain to Frome Livestock Auctioneers, Standerwick)
