**137 STORES 44 CULL
99 CALVES & 40 REARED CALVES**

Despite another reduction in dead weight prices a firm trade but buyers slightly more selective.

CULL COWS Max 255.5p/kg £1952

Just a handful of cows but these were real export black & whites and saw keen competition; all were from DR & SJ Heal and these good sorts topped at 255.5p/kg and grossed just under £2000. Others 230-235p/kg £1600 - £1700. More could easily have been sold today.

STORE CATTLE (137)

Not quite the difficult day that we thought after all. Although the finished prices continue to drop, today saw some good cattle forward and this helped to hold store prices for the moment. Less away buyers forward due to lack of numbers but overall a satisfactory day. Quality is always wanted and better shaped cattle saw the keenest demand. Some smart Blue x forward and stronger 14-15mo steers from M Sawyer topped at £1780 and heifers 19mo at £1860. A super consignment of homebred Blues from J Sprake & Partners produced keen bidding; their 22mo 'R' grade heifers to £1885 and 13mo steers regularly over £1580 peaking at £1650 with heifers of the same age to £1625. Another good entry from James & Peter Corp saw their Stabiliser x South Devon steers top at £1800 and often £1600 - £1750. Plenty of Angus on offer and while trade was easier all were sold. Thicker well fleshed steers again from M Sawyer to £1820. Hard lean Angus steers forward from Brind Gough sold well at £1800. Young 12mo steers from the Sprakes at £1650. Nice summering Dairy x Angus steers and heifers from JS Noad & Sons £1345 and £1230 respectively. A small entry of Organic Angus x steers saw the stronger types to £1900.
