Chaplains Prayer

Heavenly Father, As Farmers we humbly ask for your blessings on our fields, crops and businesses...May the seeds we have planted and will plant this Autumn grow well and flourish, so that the subsequent harvests be abundant! 🙏 Help us to tend our land with care for the environment, and protect our crops from pests and diseases...We Pray that the government /markets will recognise the importance of **Home Produced food and the Hard working Farmers too!**

It's great to have had enough rain to get the grass growing, and Autumn cultivations are well on the way! As I write, the weather is markably cooler than the heat we witnessed all summer..and September is being alot kinder than the previous 3 months! **Praise God for his provision!** 🙏

VIRTUAL FENCING!!? I've spent many a happy hour doing this very important(manual) job on my farm, but virtual fencing could be the answer in areas like moor and heathland, to maintain unfettered public access and encourage unique flora and fauna in these areas!? It involves GPS collars for the cattle and and (sheep?) and an APP to create and manage the system..As cows approach they get an audio warning to MOOVE(!) away followed by a mild shock if they don't 😊 See more details on [Cornish mutual.co.uk/cmfuturefarming/....](http://Cornishmutual.co.uk/cmfuturefarming/....) **Heart Month ❤️ is** Organised by the **British Heart Foundation**, the aim is to save and improve lives by going red (being ready!?) throughout the year, both by raising money for life-saving research and by encouraging new lifesavers to learn **CPR** 😊 Remember that there are Health Professionals right here at our market **Health Hub** who can advise on Your **Heart Health!
