Chaplains Prayer

'Come to me all who Labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn (and lean on) from me, for I am gentle and lowly in heart, and **You will find rest for your souls**' Matthew 11:28-29.

10 October was **World Mental Health Day** which reminds us to do what we can to **Promote Good Mental Health** throughout the UK. MHF also undertakes to research to find out more about the reasons for poor mental health? This is a huge problem all over at the moment, especially in our hard pressed farming industry? So let's pray this research comes up with some good advice...

Loving God, be with all who struggle with their mental health, and all who support them. Give us hope to face this days problems... And every day, and a true sense of your love and presence as revealed in Jesus Christ our Lord Amen!

As Chaplains and FCN advisers Anthony and I are in a good place to help! Please do approach us at market Wednesdays!

Here are numbers for organisations which can help in most ways... Not forgetting our Health Hub!? (07722093950)

FCN 03000 111 999, help@fcn.org.uk RABI 0800 188 4444, Samaritans 365 days yr 116 123, jo@samaritans.org

Our Harvest Service was a big success! (Auction of produce, gifts etc monies raised went to Our Health Hub)..Held last Wednesday 14. Although the season has been fraught with problems.. flooding then drought etc it's always good to celebrate what has been **Brought to the Table!** There's alot of **Hope involved** in All aspects of farming? **Hope is the Expectation that something Good is(always) going to happen!?** Let's face it, no farmer sows a crop thinking that it will fail... But does so **expecting the crop to Yield well?** We rely on so many different factors after we have sown.. **it's all in his hands** 🙏

I suppose cost of fertilisers etc is encouraging farmers to farm more extensively? The government, apparently, are promoting Organic farming , as consumer demand for organically produced produce is increasing significantly... They're endeavouring to get **Organic used land up from 3.4pc to nearer 10?**

Take Care of yourselves and remember to look out for your neighbour too!?
Blessings!
